

21st International Conference on Ships and Maritime Research

18 - 20 June 2025
Messina (Italy)

Jointly organized by:

The [NAV conference](#), organized by “Associazione Italiana di Tecnica Navale”, is the major Italian scientific event on maritime technology issues. The last edition was held in Genoa in 2022 and now we are announcing the new edition. The NAV 2025 conference will take place in three days, covering the whole spectrum of maritime technology themes, with particular attention to new methods for the use of the sea as a source of energy and resources. About 200 papers are expected which will be presented in parallel sessions and in conjunction with workshops addressing specific topics.

The NAV 2025 conference will be held in [Messina](#) with the aim of promoting the dialogue among academia, professionals, and industry involved in research, development, and enhancement of shipbuilding sector. For this purpose, a Committee of Honor with the personalities of excellence of the international maritime cluster will be set up, giving them the role of “ambassadors” of the conference.

Organizing Committee

- Alberto Moroso (ATENA President) – Chairman
- Vittorio Bucci (University of Trieste) – Conference Secretary
- Ernesto Fasano (University of Trieste) – Conference Accountant
- Serena Bertagna (University of Trieste) – Communication Manager
- Luca Braidotti (University of Trieste) – IT Supervisor
- Giovanni Alga (ATENA Sicilia Orientale) – Member

Instructions

An international scientific Committee, representative of international academic and cultural institutions, will review the abstracts and full-length papers assuring the scientific quality of the conference.

Professor [Vincenzo Crupi](#) (University of Messina) has been engaged to chair the NAV 2025 Conference Scientific Committee.

The abstract (max 300 words) must be composed in English language. After the approval, the contributors will provide the full-length paper to be presented during the conference. Moreover, the full-length paper (max 10 pages) will be included in the conference proceedings and indexed by [SCOPUS](#) as conference series in *Progress in Marine Science and Technology*.

Sponsorship opportunities

Many Sponsorship Packages are available. For more information, please contact the NAV 2025 Administration at sponsor@atenanazionale.org or visit the official event website.

Topics

- Ship Design
- Hydrodynamics
- Ship Propulsion, Machinery and Systems
- Safety and Security
- Ship Structures and Materials
- Offshore and Underwater Technologies
- Naval Ships and Submarines
- Green and Smart Ships for Sustainable Navigation
- Marine Renewable Energy and Resources
- Comfort on Board
- Electrical Systems and Automation
- Ship Digitalization and Autonomous Vehicles
- Yacht Design
- Inland Navigation

Key dates

Submission of abstracts	November 15, 2024
Notification of provisional acceptance	December 20, 2024
Submission of full-length papers	March 14, 2025
Notification of final acceptance	April 30, 2025
Early registration	May 9, 2025
